Discussion: Wide ranging discussion ensued. I attempted to keep running notes. These are some of the highlights I jotted.

Peter: ... good foundation for discussion; re: roundtable structure - ...downside of constant voting - 6 month term seems a good length; liked large Misc budget to allow for proposals.

Rojo: ...Dework tasks and budget - how to do? Work Group leads - compensation?; ...audit questions on Dework tasks - Alarm and audits one higher dollar amount - perhaps \$100 USD cap on Dework. Re: new ambassadors - tokens for governance or task time.

Felix: .. tokens for each WG for new ambassadors - build ("trust") via tokens.

SlySyl: Travel budget not needed.

Vanni: ...Do we even need Roundtable elections?, ... re rework - Price per task not hourly... real freelancers and gig work...Canvass ambassadors on changes proposed (re what next), What do we define "engagement"as?

Sucren, Syl, Defrays had a number of typed comments in the zoom discussion. I could not capture them properly.

Meeting length: approx 1 hour 10 minutes.
